### Offense / Incident Narrative

On 01/18/15, at approximately 9:45 am, I, Sergeant Troy Johnston, was contacted by Florence Dispatch and asked if I could come by dispatch so they could speak to me on a call they received. I arrived at dispatch at approximately 10:00 am.

Dispatch advised they had received a phone call earlier, from Paul Cassell, a Professor at the Utah Law School in Salt Lake City, Utah. Paul advised he had a party living in our jurisdiction, [REDACTED] Fremont County, Colorado, which he was working with on a federal case, involving sex trafficking of underage girls on an international level. Paul advised the female, Virginia Giuffre (formerly Virginia Roberts), had contacted him advising they had an incident on 01/18/15 where they believe someone had entered their home. Paul also advised there have been a significant number of press members around their home for the past couple of weeks.

I spoke with Sheriff Beicker and Sgt. Dodd in investigations, because of the nature of the

trespass and of the surrounding federal case.

I attempted to contact Virginia by a phone number left by Paul, with no success. I then contacted Paul by phone. Paul gave me a condensed run down of Virginia and her family's situation. Paul said he thinks this could be a form of intimidation by parties involved in litigation which Virginia had recently filed in Federal District Court. I asked Paul if he could contact Virginia and have her call dispatch so they could send her call to me.

A short time later, I spoke briefly with Virginia by phone. I advised Virginia I would like to speak with her in person, Virginia advised she would be home all day.

I arrived at [REDACTED] at approximately 2:45 pm, I met with Virginia and her husband Robert Giuffre. I asked them to describe to me what happened on the afternoon of 01/18/15 which had them concerned.

Virginia stated her and her entire family had left the residence at approximately 1:00pm on 01/18/15. Virginia stated for quite some time her husband Robert had been very diligent in the security of their home, so he is very careful to make sure exterior doors are secure when they leave. Virginia said they made a trip to Wal Mart in Canon City, where they were swarmed by a large group of reporters. They then returned home to find a side door (north side) unlocked, both the door knob and dead bolt, along with the screen door. Virginia advised all other exterior doors were still locked upon their return at approximately 3:00pm. Virginia did say her husband had found the same door unlocked approximately two months ago after a similar outing from the house.

Virginia said there have been a number of reporters near their home for approximately the last two weeks, so she is not sure if a reporter would have been in their home or if this is a form of intimidation. Virginia did later say because of the high profile parties involved in her federal litigation, she felt this was more likely a form of intimidation. Virginia said as of now, neither her nor her husband have found anything missing from the house or out of place. I gave Virginia my business card with the case number, advising her if she found anything missing or anything out of the ordinary, to contact our department immediately.

Photos were taken of the side door, which shows there is no damage to the door. I advised Virginia and Robert to remain diligent keeping doors and windows locked, and I would also recommend they install some kind of recorded video surveillance around the exterior of the house.

## Offense / Incident Narrative

On 01/21/15, at approximately 3:45 pm, I, Deputy Clint Wilson (#310), was dispatched to [REDACTED] County of Fremont, and the State of Colorado. Florence Dispatch requested that I read case #15-0113 prior to responding. After reading the report, I responded to the location.

Upon arrival I made contact with a female party, later identified as Virginia Giuffre (DOB: ) and her husband, Robert Guiffre (DOB: ). Virginia exited the residence from the north side entrance and Robert came out of the front entrance which faces west. Robert explained that he felt he was being intimidated by the parties who were involved in the case.

I asked if they could explain what happened today. Robert stated he and the family left the residence at approximately 1:00 pm. Robert explained that he places wood drop bars in the sliding windows and doors. Robert explained that he placed a door handle locking bar on the back door and

locks the deadbolt. Robert stated they were gone for approximately 4 hours, when they returned the front door was unlocked and open, and the back door had the bar in place but the deadbolt was unlocked. Their dog was outside in the street. Robert explained this is not normal.

Robert stated they made a trip in to town to drop the kids off at school. They then went to Chilli's for lunch. Virginia stated this is not the first time this has happened. Virginia showed me several pictures (See attached photos) of the driveway and recent marks in the driveway based on fresh snow. However I could not determine if there was footprints based on the amount Virginia and Robert had walked around the residence. No visible forced entry. Virginia and Robert both express a concern about the high profile case causing issues with their normal life. This included members of the media following them everywhere.

Robert state he has not found anything missing from their residence. I asked Virginia if anyone else had a key to the house. Virginia stated her parents and they had already contacted them. Virginia stated they were not at the house at all today. I provided Robert with my contact information. I explained to Robert if anything suspicious happened please contact us immediately so we can address the concern.

While I was talking to Robert, Virginia asked if I would speak to her attorney. Virginia handed me her phone. I asked who I was speaking with. A male party identified himself as Stan Pottinger (DOB: Unknown). I explained the process we would follow. Stan thank me for speaking to him. I advised Stan that they may want to put some cameras which can be monitored from cell phones, in place to protect the residence and its occupants. Stan agreed.

## Offense / Incident Narrative

On January 22, 2015 at approximately 9:39am I, Deputy Jackson along with Deputies Rasmussen and Burton were dispatched to [REDACTED] Fremont County, CO, in regards to a suspicious vehicle. Dispatch advised that the reporting (Virginia) said there two vehicles parked by her residence one of which she knew to be a reporter but she did not recognize the other. Virginia stated the car she recognized is silver.

We arrived on scene within minutes of each other at approximately 10:00am. Upon arrival I saw a large tripod with a camera sitting on it directed towards Virginia's residence. The vehicle was a maroon in color (1999 GMC truck bearing CO 334-KVM.) The driver was contacted by Deputy Rasmussen. Deputy Rasmussen identified him through his CO Driver's License as Donald John Brooks. Donald informed Deputy Rasmussen that he is a video journalist. Deputy Rasmussen also contacted a silver car (2015 Kia SUV bearing CO832-QNP.) This car came back as a rental car from Avis Budget Car Rental, LLC out of Denver, CO. The driver was identified through his CA

driver's license as Richard James Beeham. Richard also told Deputy Rasmussen that he is also a video journalist. Both Richard and Donald were attempting to take a photograph, or video of Virginia.

Deputy Burton and I walked to the residence to inform Virginia of our findings. I requested dispatch contact Virginia and have her meet us at the back door, so she would not be subject to media attention. However as we were walking up Robert partially opened the side door and allowed us into the residence.

We informed them that both people were identified as members of the media. Virginia seemed relieved and not nearly as concerned about the situation, and said she is used to media following them around. After talking with them for a few minutes we left the area.

Upon our arrival, I had to knock several times before a male came to the door. I spoke with the male party. I could readily observe scratches to his face and neck, including a gash on the bridge of his nose. We asked him if he needed medical attention for his lacerations, but he refused. I could also detect a moderate odor of an unknown alcoholic beverage emanating from his breath. The male, later identified as Robert Giuffre, told me that the gash on his nose was caused by the husky, Bear. Robert said he and Bear were playing when Bear just bit him in the face. Robert said his wife, Virginia, became very upset when he tried to discipline Bear. Robert told me Virginia had called 911 due to this incident. I requested to speak with Virginia. Robert went inside and called for her.

Virginia exited the residence while Robert remained inside. I could readily observe a bruise with redness on Virginia's left cheek, and blood on her right sleeve of her hoodie. Virginia moved slowly and deliberately, Virginia's demeanor was quiet and distant. I could also detect a slight odor of an unknown alcoholic beverage emanating from Virginia's breath. I asked Virginia to tell me how she got the bruise. Virginia was very quiet and shy and stated, "I'd rather not say." I spoke with Virginia away from Sgt. Myers and Virginia finally told me that she was trying to protect bear from being seriously hurt by Robert. Virginia said that she tried to pull Robert off of Bear at first. Virginia said she put herself between them when Robert punched her in the face with a close fist a few times, thus causing the bruise.

At this time Sgt. Myers and I proceeded inside the residence and spoke with Robert in the living room. I told Robert to stand up and place his hands behind his back. Robert did so and asked what he was being arrested for. I explained he was being arrested for 3rd Degree Assault and Domestic Violence and possibly Child Abuse and Animal Cruelty. I placed my handcuffs on both of Robert's wrists behind his back. I checked for proper fit and double locked them. I removed a green fixed blade knife, I seized for safe keeping, and sheathe from Robert and pat searched him for weapons or other contraband in preparation for admittance to the Fremont County Detention Center. I found no other weapons but did find an open pack of cigarettes and 2 lighters. These were removed from his right front pocket and left at the residence. Sgt. Myers transported Robert to the Fremont County Detention Center and released him to the Detention Deputies.

I continued to speak with Virginia about the incident. Virginia admitted to both of them drinking earlier at Broadway Bar and Grill, located at 103 Broadway Avenue, Penrose, Fremont County CO, and a little bit more at home. Virginia stated that she had about 6 bottles of beer in total. Virginia elaborated and said Robert and Bear were playing, which is normal, in the laundry room while she was on the phone with her friend, Rebecca Boylen, who resides in Florida. Bear is a 3

year old black and white Husky/malamute mix. Robert was said to be playing to rough and began hurting Bear. Bear responded in the only way he could, Bear bit Robert on his face. Virginia said Bear is up to date on all vaccinations. Virginia will be providing the veterinary paperwork later. Virginia said Robert got very angry at Bear and began beating him, punching and kicking, etc. Virginia is protective of her animals and tried to pull Robert off of Bear. Robert got up and was yelling at Bear and at Virginia. Virginia placed herself between them, in the laundry room, and was pushing Robert away. Robert pushed her back and grabbed her rough enough to leave red marks on her right forearm. Virginia said this is when Robert punched her several times on the left side of her face and head, with a closed fist. Virginia stated that the punches hurt. Virginia said that she feared for her safety during this time, and added she feared retribution from Robert upon his release. Virginia said that she was bleeding from her ear prior to our arrival but cleaned it up so the children wouldn't see. Virginia did not offer any evidence of her cleaning up her injury. Virginia later described blood and a whiteish or clear fluid mixed with the blood. I recognized this to possibly be cerebral-spinal fluid. This fluid only leaks from the ears if there is severe trauma to the head. Penrose Fire and EMS responded, but Virginia refused to be transported at this time. Virginia was advised to seek help if any signs were to arise. Victim's Advocate Johnson responded and spoke with Virginia but soon departed with Penrose Medical.

Christian came in to see what the commotion was about but both of them ushered him into the living room where he couldn't see. Virginia stated that this is when Robert choked her with both hands; red marks were also visible near her collar bone. Virginia said she did not lose consciousness at any time. Virginia stated this also hurt while he was choking her. This occurred in the dining room. Virginia said that Robert went to the bedroom and grabbed a pistol; Virginia followed Robert into the bedroom. Virginia said Robert had cocked it and placed it in his mouth. Virginia initially described, and mimicked the motion of cocking a hammer on a pistol. Later Virginia showed me a semi-automatic Smith and Wesson M&P 9mm pistol, claiming it to be the one Robert used. This weapon does not have a hammer. Virginia stated that Robert tried to get her to pull the trigger several times. I seized the weapon for safe keeping. Virginia said Robert had dialed 911 three times for her to call them but each time she hung up prior to a dispatcher answering the line. After that is when they separated and things calmed down until we arrived.

The children, Christian (9), Noah (7), and Emily (5), were in the household during the entire altercation. I spoke with Christian. Christian said he was in the living room and could hear Robert and Bear playing. Christian then heard Robert get very upset and start shouting at Bear. Christian said he believes he heard noises he presumed to be Robert hurting Bear. That's when he heard Virginia start to yell at Robert for beating Bear. Christian went to see what was going on and was ushered from the area into the children's room. Christian didn't see anything physical between

Robert and Virginia but heard a lot of yelling, from both parents at each other and Robert at Bear. Robert would say things like "I'm gonna beat the dog" and "get out of my way." The other children were in the children's room playing with the door open and could presumably hear the whole incident. The children's demeanor was carefree and almost jovial.

Virginia and I completed the Domestic Violence paperwork. I took pictures of Virginia's injuries.

I responded to the Fremont County Detention Center to speak with Robert. I had Robert read, understand, and initial a Miranda Advisement Form. I had to clarify some of the rights, as Robert is originally from Australia and has never been in trouble with the law before. I asked Robert if he could tell me his side of things. Robert told me that he was playing with Bear while Virginia was on the phone. Robert said they had a great day; they made new friends while at Broadway Bar and Grill, or "the Pub". Robert said he had about 4 double shots of Jack Daniels and maybe a few beers. Robert said he had put his weight on Bear when Bear bit him on face. Robert said he got upset with Bear and was smacking Bear on his side. Robert said Virginia didn't agree with him disciplining Bear and tried to pull him away from Bear. Robert said that's how he got scratched. Robert did admit he hit Virginia during the scuffle but said that it was an accident and didn't know exactly how she got the bruise on her face. Robert said he and Virginia had an argument but left each other alone until we arrived.

I explained to Robert that due to Colorado State Law, that if there is probable cause that a crime occurred in Domestic Violence situation, we are mandated to arrest the primary aggressor. I had to clarify what Domestic Violence means. I further explained that Virginia said he had held a gun in his mouth, constituting a substantial step toward the commission of suicide. The Detention Deputies were made aware of this prior to my arrival and Robert was placed in a smock designed to inhibit suicide attempts in the facility.

I explained to Robert the process from this point on, detailing the process with the courts. Robert understood. Robert maintained that he was not suicidal, merely he stated satirically, "might as well put a gun to my head and pull the trigger." He further maintained that any injury to Virginia was accidental and unintentional.

While still at the residence, I completed the Animal Bite Report forms stemming from Bear's bite. Virginia said Bear is up to date on his shots and will provide the veterinary record as soon as she locates them. I explained the 10 Observation Form to Virginia and she signed it in understanding
